
How to Double Evershine's Average Annual Net Income Per Capita?

A transparent blueprint for scaling global efficiency, integrating AI, and delivering uncompromising security to our cross-border clients.

The Internal Goal

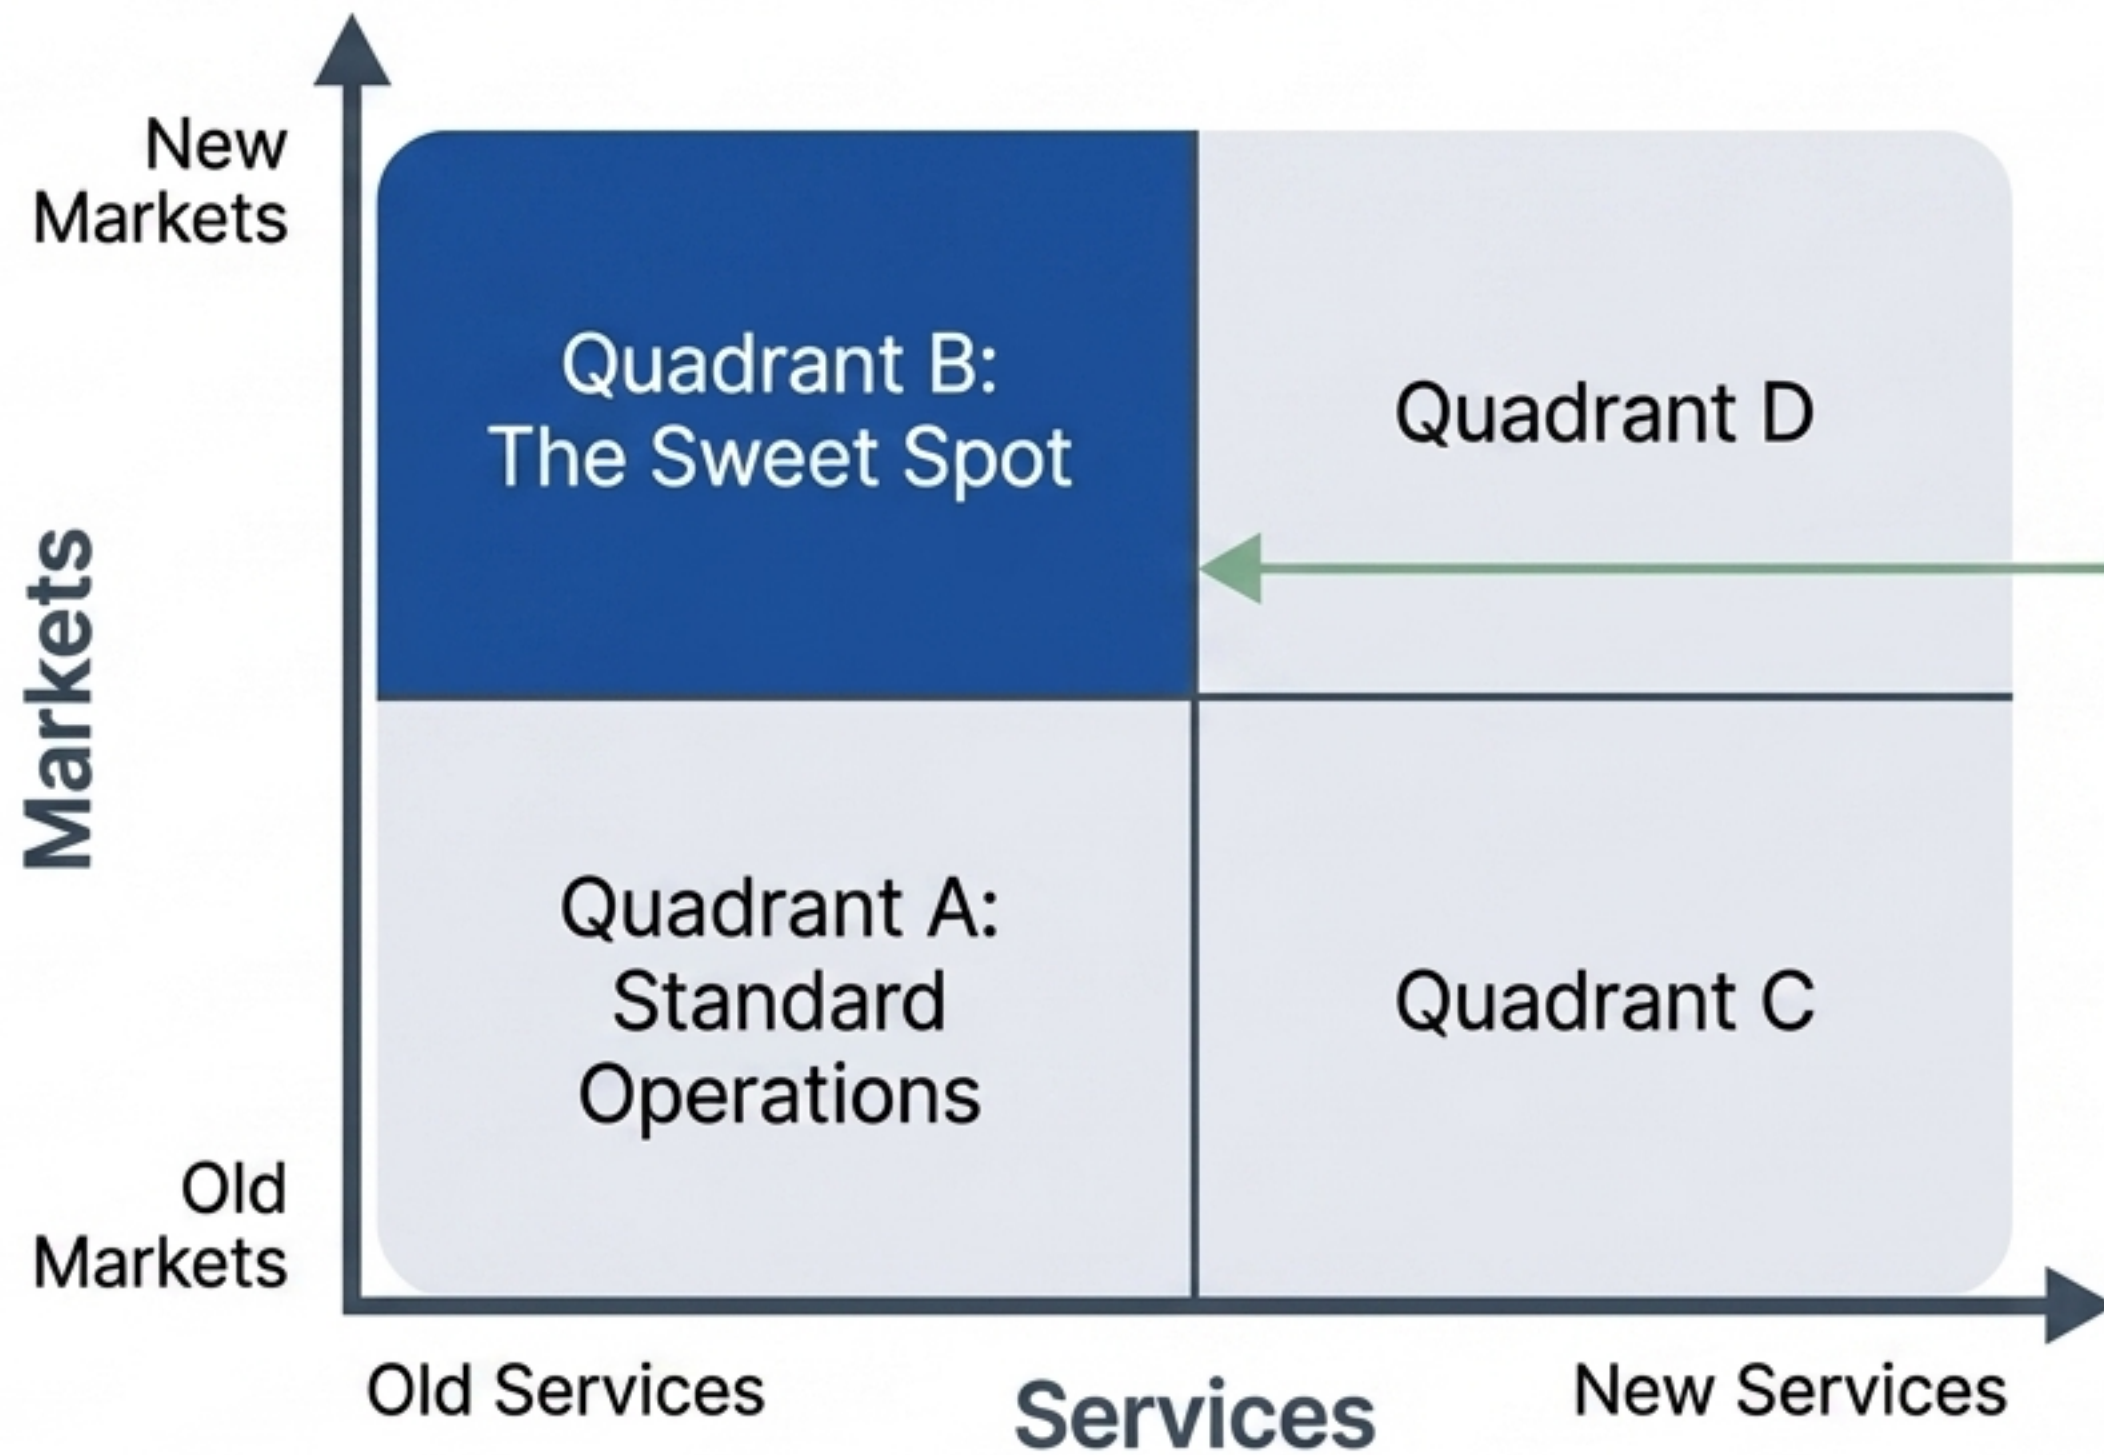

**2025:
NT\$1.8
Million** → **2026+:
NT\$3.6
Million**

How do we achieve this? By replicating the Taiwan outbound experience to 50+ cities worldwide. We must be strong (high per capita output) and big (high global turnover) simultaneously.

The Client Advantage

Scaling Efficiency, Not Costs.

For our multinational clients, our drive to double internal efficiency means faster turnaround times, automated compliance, and frictionless expansion into new global markets. We are revolutionizing how we serve you.

The Global Replication Strategy:
Deploying our proven, proven, premier services into new global markets through technological leverage.

1

Action 1: The Knowledge Bridge

Rapid AI-driven translation of 4,000+ regulatory and case study web pages.

2

Action 2: The Language Bridge

Frictionless global meetings via Microsoft Teams + Wordly.ai.

3

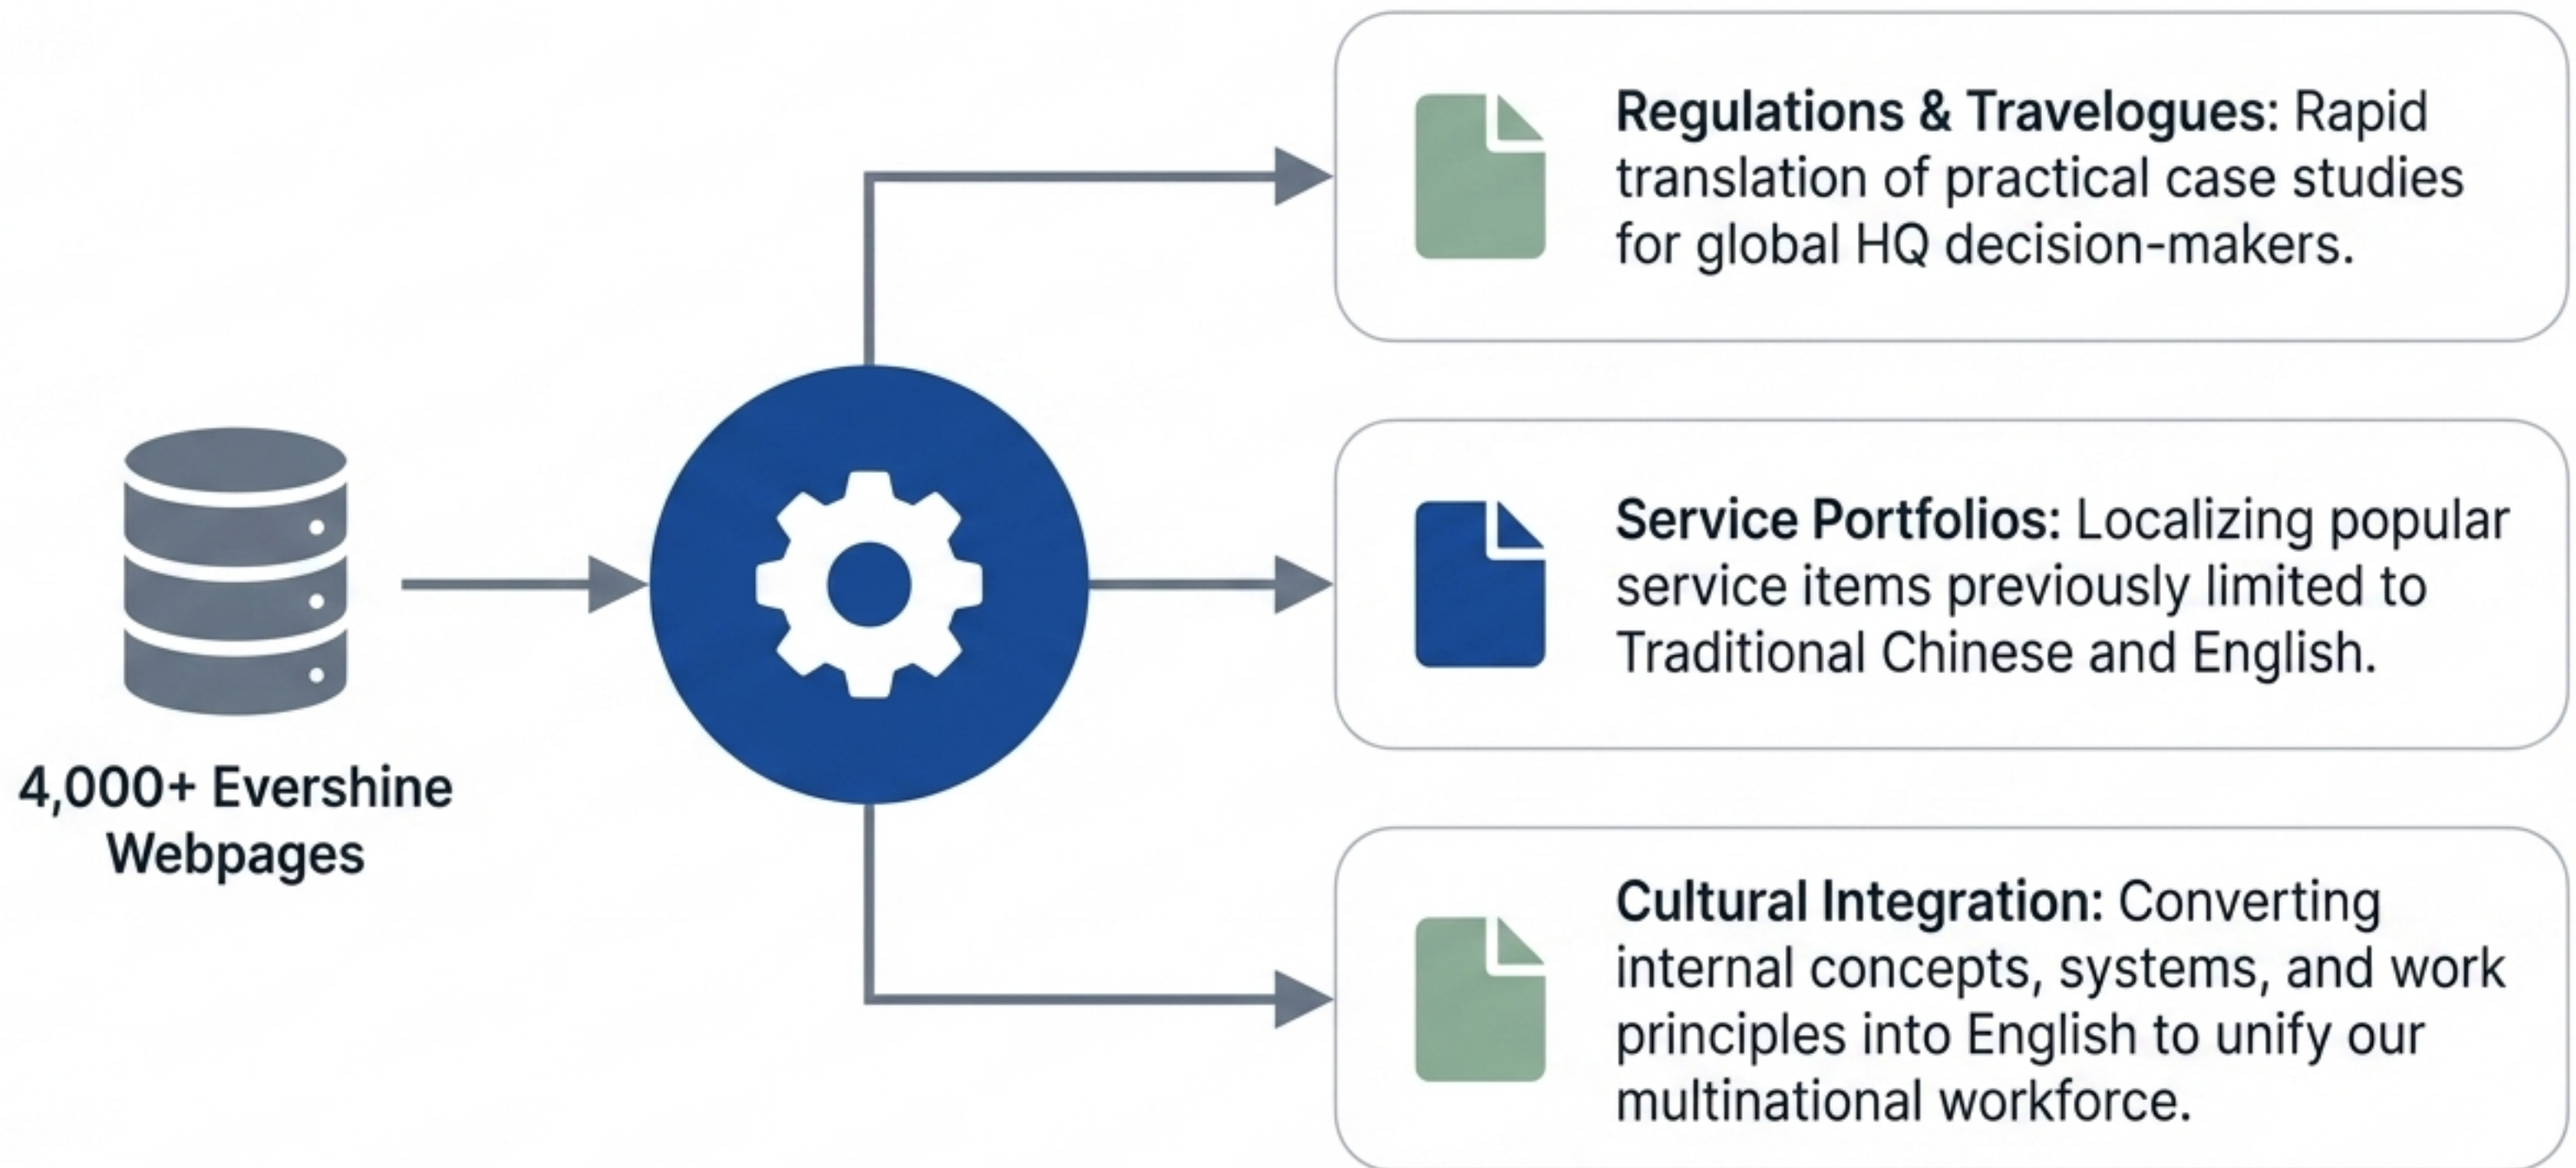

Action 3: The Security Pipeline

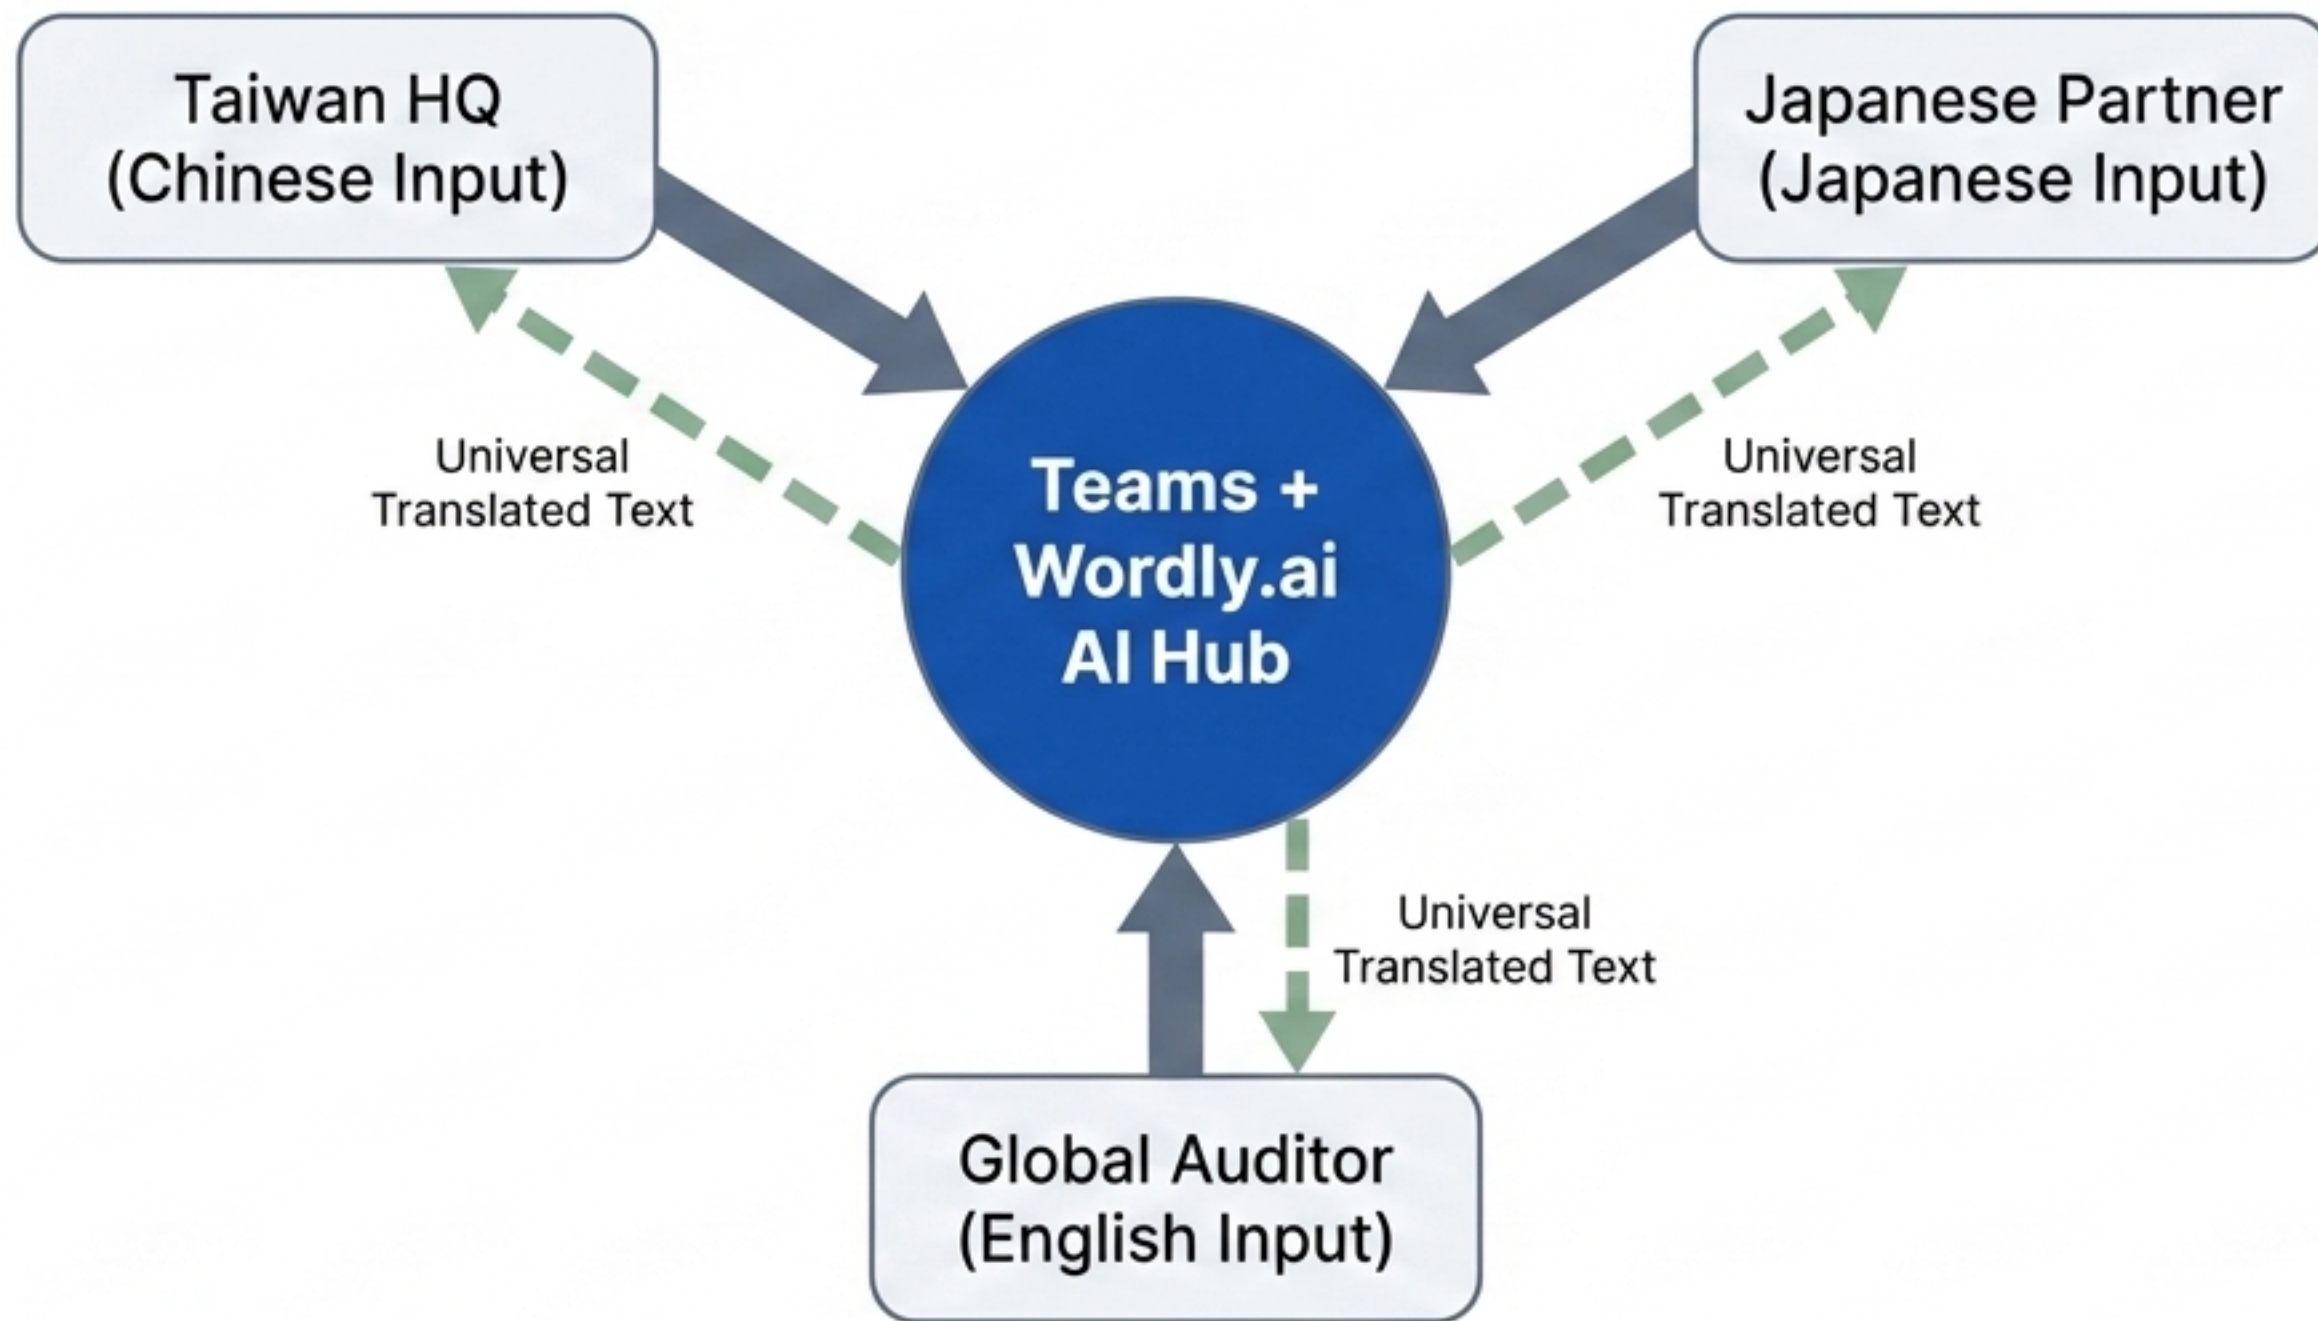

Ironclad SOPs for Secure Quoting, Interaction, and Service.

4

Action 4: The Data Central Kitchen

High-volume precision processing using AI, OCR, and RPA.

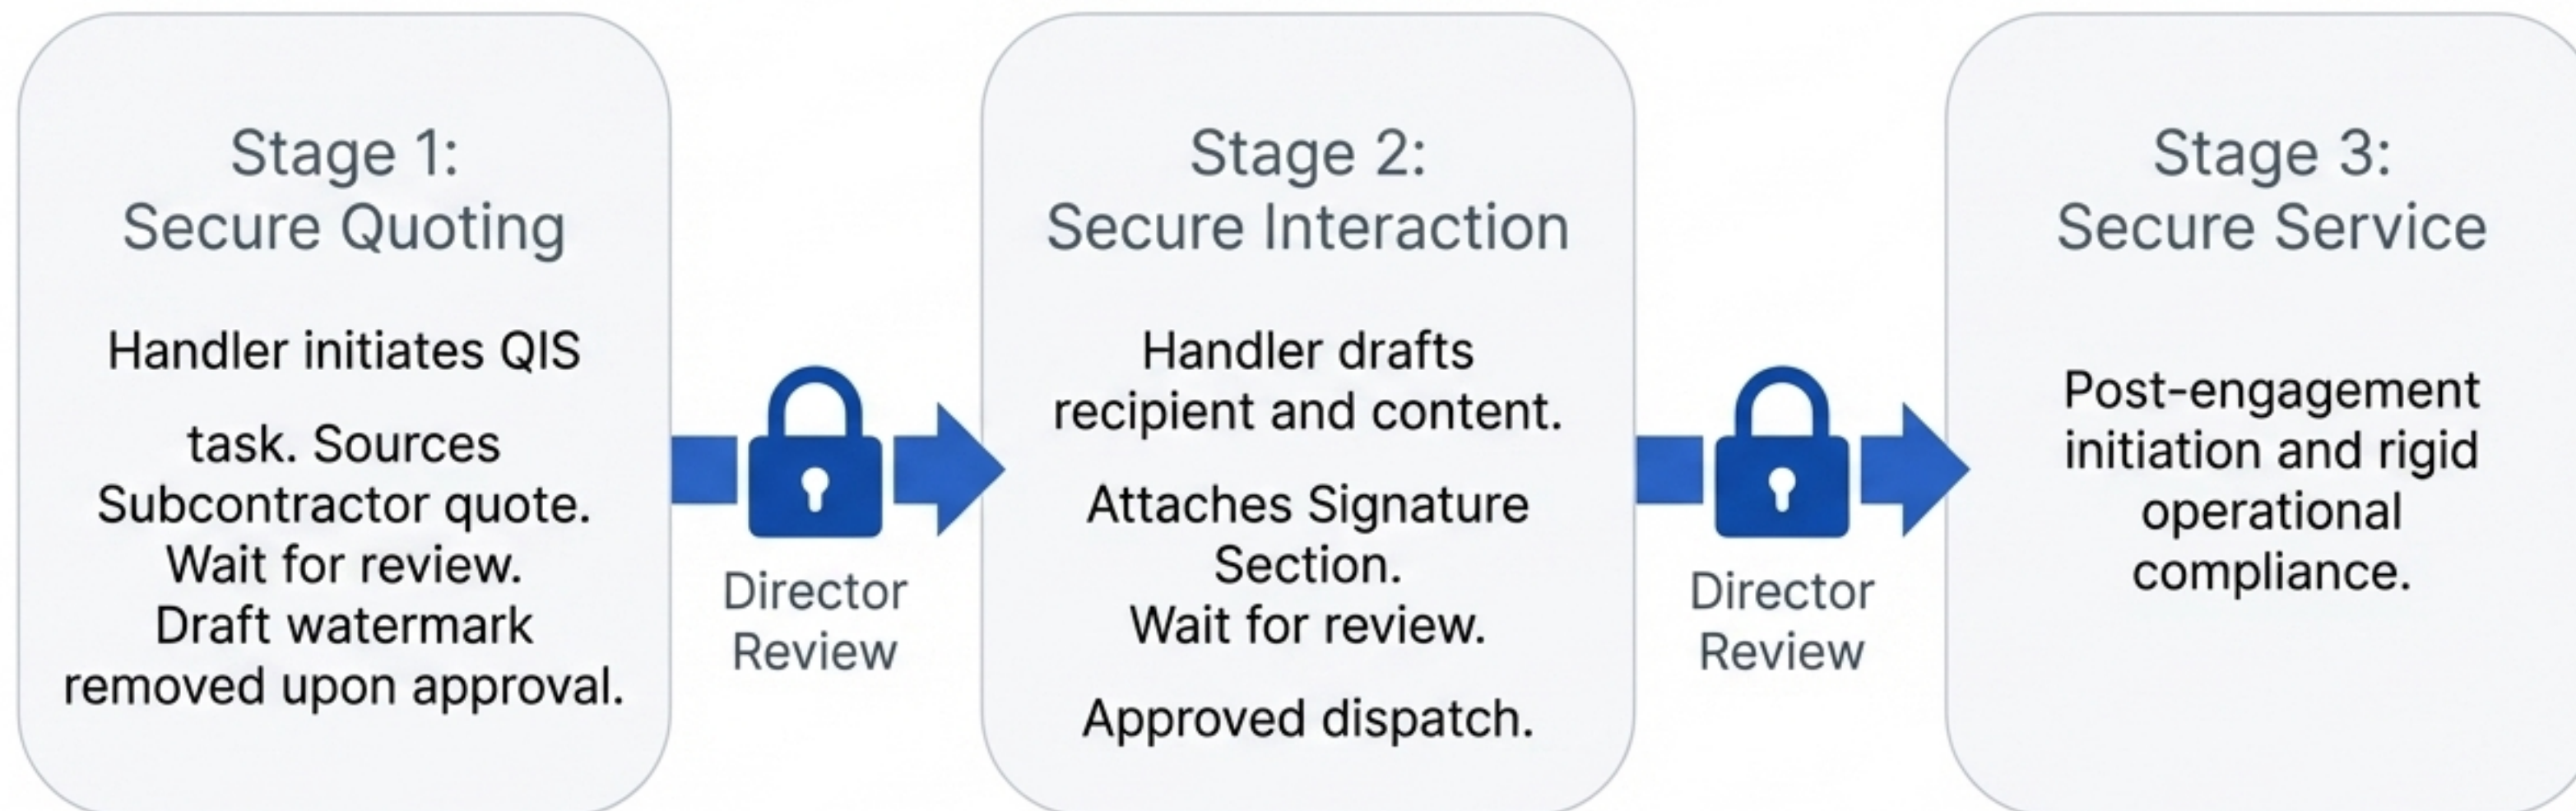

- Native inputs instantly transform into universal outputs with >90% English translation accuracy.
- Senior Evershine personnel deploy full technical expertise in Chinese; clients and partners receive precise translations in real-time.

Dimension	Traditional Cross-Border Meetings	Evershine AI-Powered Meetings
Language Barrier	Constant friction and misunderstandings.	Zero friction; real-time universal translation.
Partner Sourcing	Forced to hire expensive English-speaking local partners over purely skilled ones.	Partner selection based entirely on skill and price, not English ability.
Senior Expertise Deployment	Senior technical staff limited by foreign language fluency.	Senior staff express complex accounting/tax concepts fully in their native language.
Record Keeping	Manual, error-prone note-taking.	Automated, real-time translated transcripts provided instantly.

The Secure Workflow Pipeline

Whether processing a standard request or a completely new business line, zero data moves without authorized executive review.

The Post-Engagement Compliance Loop: Every client decision, document request, and official filing is tracked, standardized, and jointly managed by the department head and handler.

Unstructured Inputs

Data Central Kitchen (DCK): AI + OCR + RPA

Structured Outputs

ERP

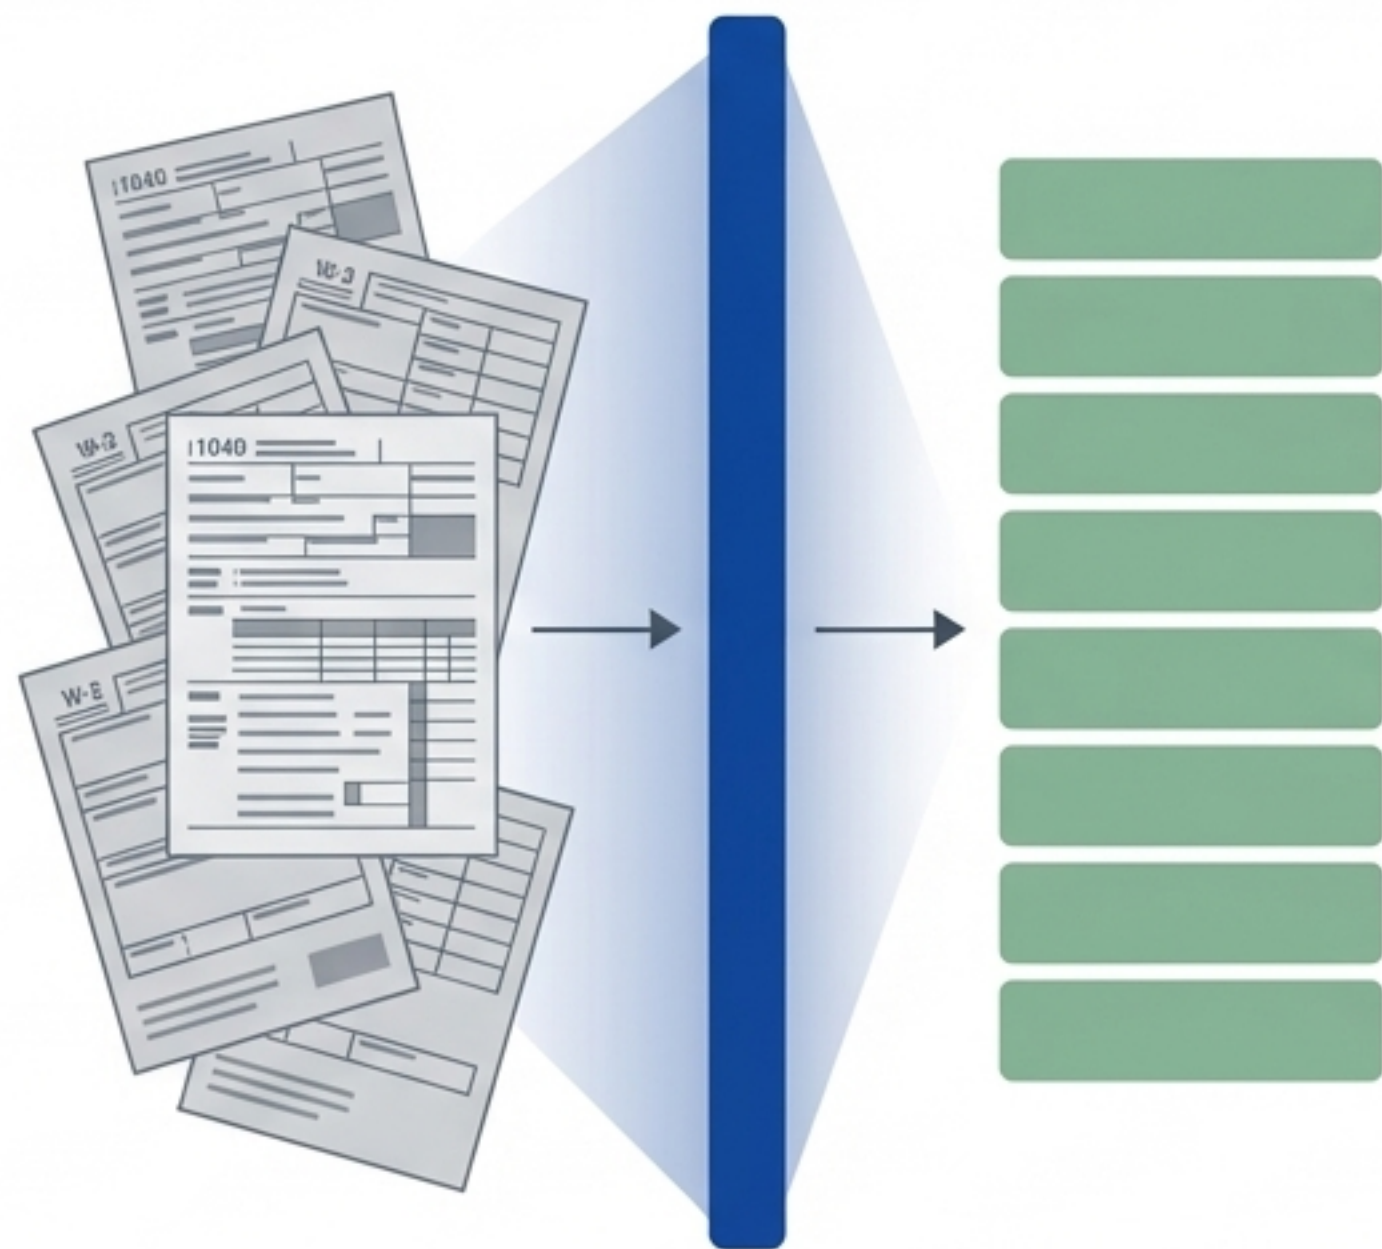

Auditing
Systems

Mail
Sorting

Tax Filing
Systems

Evershine's IT department acts as a pre-processing operation center. We ingest chaotic raw data and refine it into structured inputs ready for your specific global systems.

High-Volume Precision: US Individual Tax Returns

The Challenge

Complex fields, diverse supporting documents, and massive volume (Evershine has managed this for 18 years via Enrolled Agents).

The DCK Solution

Because US tax forms are strictly standardized, they are the ideal candidate for Data Central Kitchen automation.

The Result

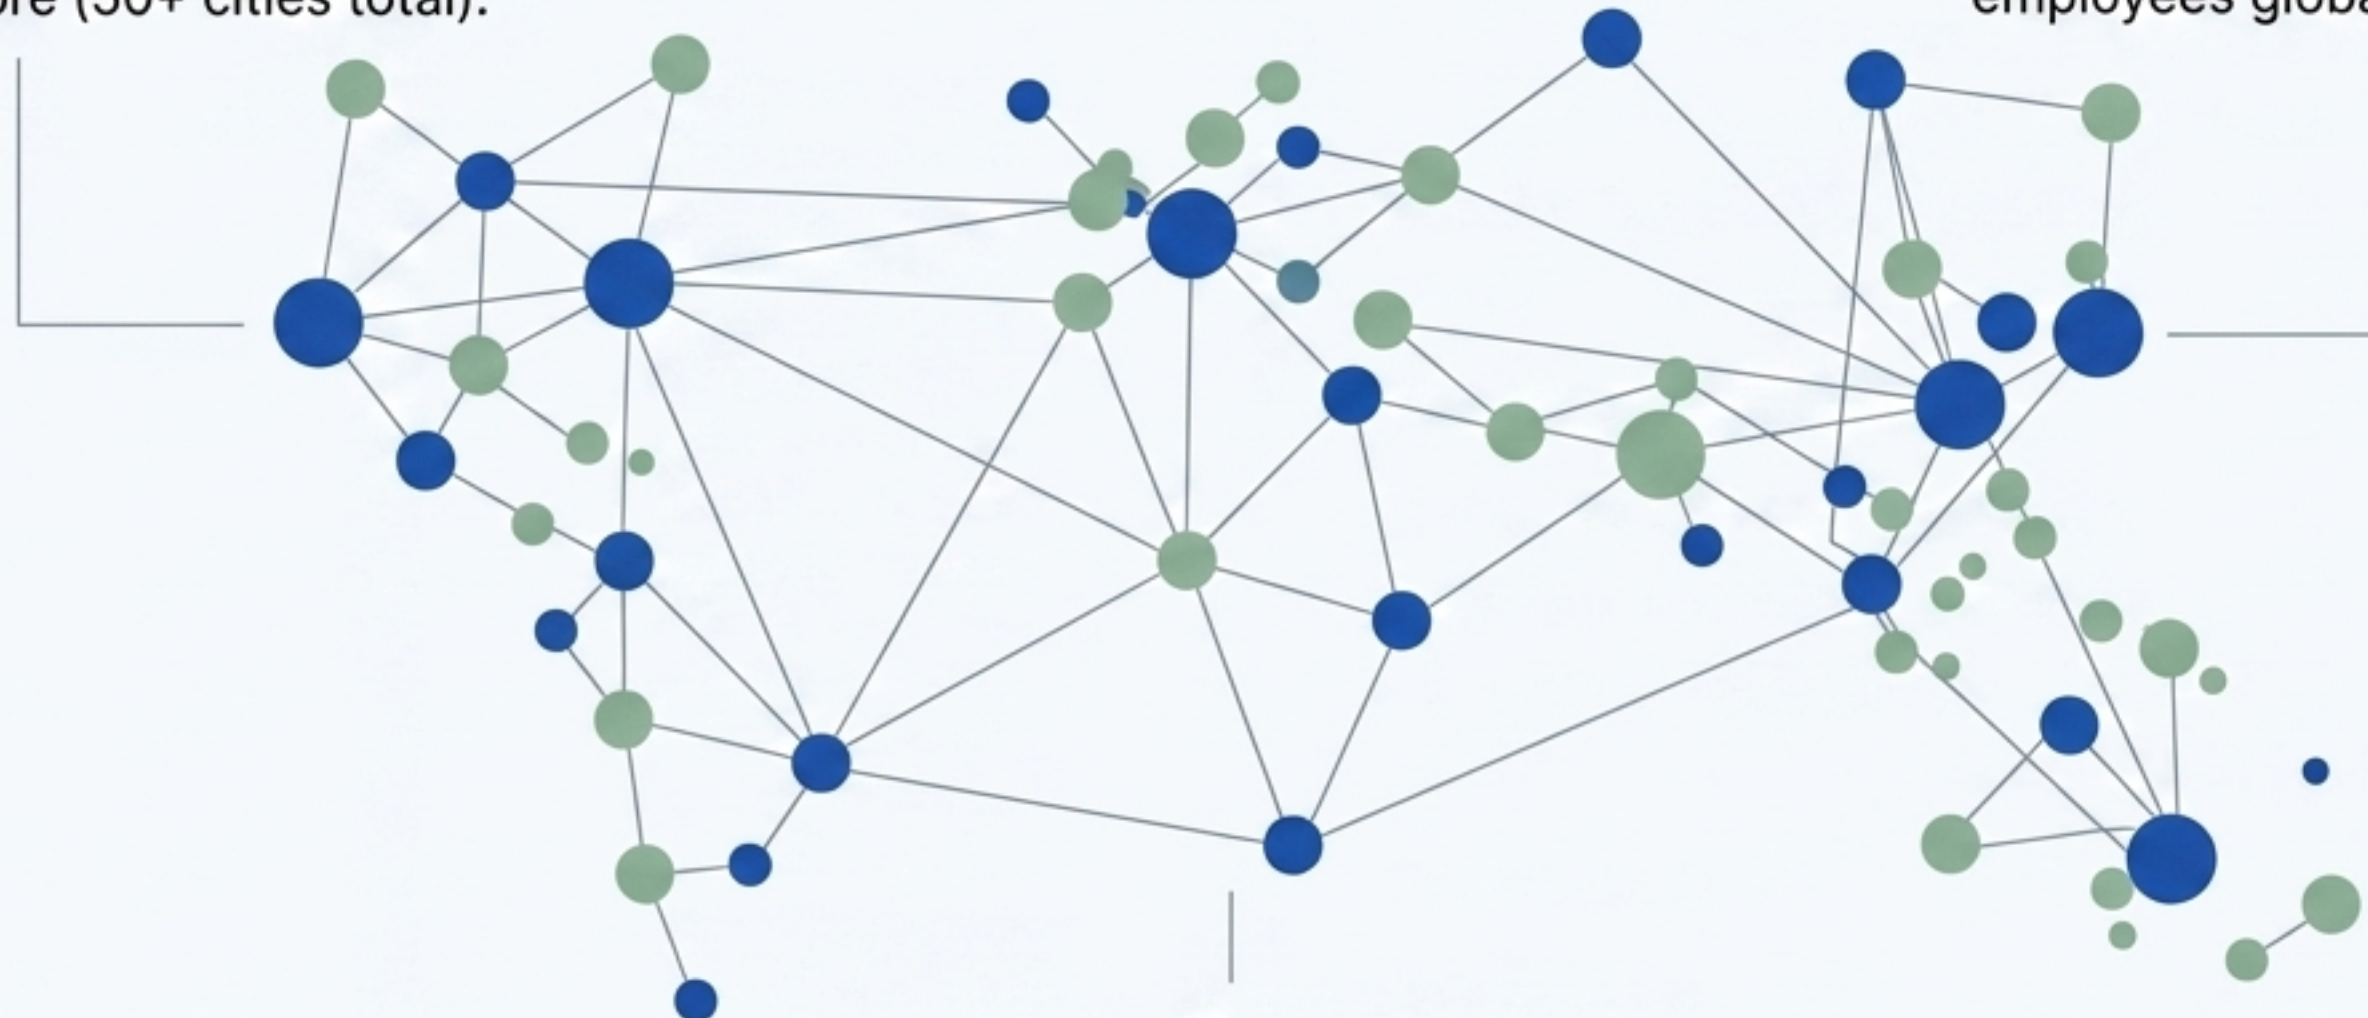

Precision at scale. Automated processing of high-volume, complex filings with zero human data-entry error.

Direct Affiliates

100% owned operations in Taipei, Beijing, Shanghai, Shenzhen, New York, San Francisco, Tokyo, Seoul, Singapore, London, Frankfurt, Paris, and more (50+ cities total).

Global Alliance Power

Backed by IAPA (10,000 employees globally) and LEA (28,000 employees globally).

One-Stop Cloud Support

Acting as your in-house accountant in 20+ countries, fully supported by cloud accounting and payroll compliance systems.

**Seamless Global
Client Services**
(Scaling to 50+ Cities)

AI Translation | DCK Automation | Secure SOPs

Evershine Work Principles
(Established 2019, 20+ iterations)

Technology alone cannot scale service. Inspired by Ray Dalio, our constantly evolving Work Principles align 160 (and soon 1,000) employees across 20+ countries. This living framework ensures that as our business complexity grows, our execution remains calm, effortless, and uniformly excellent.
